

The Marsaxlokk Youth Activity Centre is situated at the core of the picturesque village within walking distance from the charming quayside. Marsaxlokk is located in the south-eastern part of Malta. Its bay is memorable for the many traditional fishing boats called 'luzzu' and its quayside is always vibrant with fishermen activities.

The Marsaxlokk Youth Activity Centre is the ideal place for youth organizations, agencies, associations and groups to organize live-ins, exchanges, seminars, meetings and workshops, daily group sessions, indoor and outdoor activities. The centre is run by Agenzija Zghazagh.
